I am pleased to extend warm greetings on behalf of the Government and myself personally, to the organizers of the Canadian Centennial Track and Field Championships and Pan-Am Games Trials.

I am confident that the Trials will attract our best young Canadian amateur athletes to Saskatoon and that they will be an exciting prelude to the major event we all look forward to in Winnipeg.

I cannot wish you all success but, win or lose, I wish all the young participants a memorable Centennial Year.

Good luck and best wishes to all.

L. B. Pearson

REGINA, June 7th, 1967

On behalf of the People and Government of Saskatchewan, I take pleasure in welcoming all participants in the Canadian Centennial Track and Field Championships and Pan-Am Games Trials.

To those of you who have come to Saskatchewan for the first time I extend a special welcome, and hope you will enjoy your stay in the Opportunity Province.

It is a truism that there can only be one winner in each event, but the joy of competition, the satisfaction of being among the finest athletes in our Nation, and the pride of participation will be a source of gratification to all who take part in this great Centennial Affair.

I wish you well in your endeavours, and I know that those of you who represent Canada in the Pan-American Games will make us all proud.

W. ROSS THATCHER,
Premier of Saskatchewan

On behalf of the citizens of Saskatoon, it is a real pleasure for me to greet all those in our City for the Canadian Centennial Track and Field Championships and Pan-American Game Trials.

To the visitors to our City for this event, we would especially like to extend a warm and sincere welcome. We hope your stay with us will be enjoyable.

Everyone, of course, cannot win; but, everyone can learn much from taking part in competition. May this Meet, in Canada's Centennial Year, be a most successful one.

Good luck — and best wishes!

S. L. Buckwold
Mayor

HARRY JEROME

In the 1960 Olympic Games Trials, Saskatoon sports fans thrilled to a world record performance in the 100 metres by Harry Jerome. Thanks to Harry's great performance Saskatoon was "put on the map".

The 1960 Rome Olympics, as well as the 1962 British Empire and Commonwealth Games were bitter disappointments for Harry. But Harry's great competitive spirit enabled him to overcome both injury and criticism so that by 1964 at the Tokyo Olympics he proved he could "produce" in the big time. He won third place bronze medal in the 100 metres and fourth place finish in the 200 metres. He was the only male sprinter to reach the finals in both sprints in Tokyo.

1966 was another fine season for this great sprinter. After equalling the world record of 9.1 sec. in the 100 yards on the new all-weather track in Edmonton, at the British Empire and Commonwealth Games Trials, he went on to Kingston, Jamaica, to win a gold medal in the 100 yard event — the first for Canada since Percy Williams, 1928.

Saskatoon welcomes back Canada's greatest sprinter, and wishes Harry the best of luck in the remaining years as an international competitor. The plaque to be seen at the entrance of this stadium was erected by the Sask. Branch A.A.U. of C. and the University of Sask. in recognition of Harry Jerome's world record of 1960.

To you Harry we say

"Citius, Altius, Fortius".

Welcome to Saskatchewan

SASKATCHEWAN WHEAT POOL FLOUR MILL

Greetings

E. W. Stinson
President,
Amateur Athletic Union of Canada

Congratulations, you've done it again! Saskatoon has established an enviable reputation for successfully conducting Canadian Track and Field Championships and Trials. You have now completed the circuit by hosting the Canadian Centennial Championships and Pan-Am Trials following the B.E. & C.G. Trials (1958) and the Olympic Trials (1960). There may be bigger things in the future, the Canadian Summer Games for instance. On the basis of your record to date, why not?

Best wishes to those who are taking part, especially to the 70 young athletes who will be chosen to represent Canada at the Pan-Am Games in Winnipeg.

E. W. Stinson

E. W. "Joe" Griffiths

Griffiths Stadium was named in honor of E. W. "Joe" Griffiths in 1937; now, the re-developed and enlarged Griffiths Stadium is being re-dedicated to perpetuate the honor. Held in high esteem by thousands of University of Saskatchewan alumni the world over, athletes and non-athletes alike, Joe Griffiths was director of athletics at the U of S from 1919 to 1951. During that time he rose to prominence in Canada as an outstanding coach in track and field and in swimming and he made an indelible imprint on athletics in this country. He helped shape many Saskatchewan teams and individual stars and on occasions was made an official on Canada's Olympic team. His many achievements in physical education received national recognition in 1950 when the Canadian Association for Health, Physical Education and Recreation conferred on him their honor award of the year "for distinguished and meritorious service as a mature leader in his field in Canada." In 1964, he was honored at a reunion of former University of Saskatchewan athletes and in 1965 the University conferred on him an honorary doctor of laws degree. The citation said in part, "By far his greatest contribution to the University and to its larger community has been made through his teaching . . . there are few teachers in the history of this University who have exerted a wider or a stronger influence than has Joe Griffiths."

THANKS TO P.F.R.A.

"Special thanks must go to Prairie Farm Rehabilitation Administration for their help over the years in designing good tracks for Griffith Stadium. Mr. R. Peterson, Chief Soil Mechanics and Materials Engineer, and Mr. C. A. L'Ami have been very helpful both in maintaining the old track at Griffith Stadium and in constructing this new one."

V PAN-AMERICAN GAMES

The Pan-American Games, the "Olympics of the Western Hemisphere", are staged every four years, one year prior to the World Olympic Games. In 1967, from July 22-August 7, the Pan-American Games will take place in Winnipeg, the first time in the twenty-year history of the Games that they have been held in Canada.

The first Pan-American Games were held in Buenos Aires, Argentina, and subsequent Games have been held in Mexico City, Chicago, and Sao Paulo, Brazil. The fifth Pan-American Games will not only be larger than the four preceding ones, but will also be the largest sporting event ever held in North America, larger even than the 1932 Olympics held in Los Angeles. In terms of the number of events proposed—a total of 24—the Games will be even larger than the summer Olympics held in Tokyo in 1964.

Events proposed for the Games include:

Athletics (track & field)	Wrestling
Baseball	Basketball
Boxing	Canoeing
Cycling	Diving
Equestrian	Field Hockey
Fencing	Football (Soccer)
Gymnastics	Judo
Pentathlon	Rowing
Shooting	Swimming
Synchronized Swimming	Tennis
Water Polo	Volleyball
	Weightlifting
	Yachting

Official symbol of the Pan-American games, above, left, shows the Olympic torch set in the five Olympic rings, and includes the motto "America - espirito - sport - fraternite", incorporating the four major languages used in the Western Hemisphere. Symbol above right was designed especially for the Fifth Pan-American Games, and shows a Canadian track athlete, extending his arms in wel-

come to the athletes and visitors from the Pan-American nations.

Baseball and tennis are not Olympic events, but both should be of great interest during the Games, tennis since it will bring together players of Davis Cup calibre from throughout the western hemisphere, baseball since the last Pan-American championship was won by the Cuban team, whose foremost fan is Fidel Castro.

BOB ADAMS

The members of the Organizing Committee are pleased to bring sports fans of Saskatoon and the province another top-flight sports attraction. The young men and women seen in competition here today are Canada's finest, and will carry our country's colors in the Pan-American Games in Winnipeg next month.

A national championship requires months of careful planning and the co-operation of many different agencies in our community. Saskatoon's willingness to support events of this kind is to be seen in the fact that this is the fourth national track and field championship in less than ten years. This year more than ever we have had to go beyond our own community and province for assistance. Such co-operation both within the city and across the nation is surely in keeping with the spirit of our centennial celebrations.

To all the athletes may we wish you the best of luck in your bid to be crowned national champions and to be chosen for Canada's Pan-American Team.

We wish to thank the following for their assistance for making this meet possible.

ABIGAIL HOFFMAN

Saskatoon welcomes back another great performer in Abby Hoffman who ran here in the Canadian Championships in 1963, as well as the indoor meet last winter.

Abby broke into competitive sport as a hockey player in a boys' hockey league in her home town of Toronto. Since the tender age of 15, in the early 1960's she has been running the quarter and half mile events. As a high school youngster she won a gold medal in the 800 metres in the 1963 Pan-Am Games in Sao Paulo, Brazil. Presently she is the holder of the Canadian open and native records in the 440 and 880 as well as the metric equivalents.

Following a somewhat disappointing showing in the 1962 and 1964 International Games, Abby came back strong to win a gold medal in the half mile at Kingston, Jamaica. This performance of 2:04.3 was a personal best and a new Canadian record.

With two gold medals in international games to her credit Abby Hoffman has to be considered as one of Canada's strongest bets in the Winnipeg based Pan-Ams. Saskatoon wishes you the best of luck, Abby.

to be a good athlete, you need time, energy and enthusiasm. You must constantly strive to maintain and improve your physical condition.

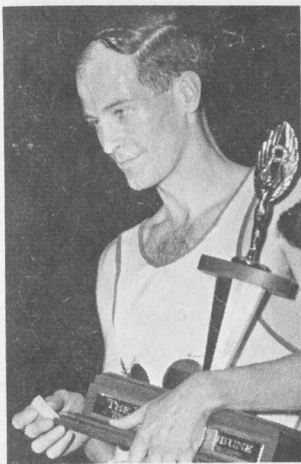

That's the way it is with the Co-op.

Co-op has taken the time to give you all the advantages you're entitled to. They have the boundless energy needed to build a better business. And the enthusiasm of the co-operative is unequalled.

The Co-op constantly strives to maintain and improve their excellent record.

Good reasons indeed, to Come Co-operative Shopping.

DOUG KYLE

Heading up the coaching staff of Canada's Pan-American Games team will be former Saskatoon athlete Doug Kyle. Doug will be remembered in Saskatoon for running in the Star-Phoenix road races and record breaking mile runs in high school competition while a student at Nutana Collegiate, and later the University of Sask. He is presently living in Calgary and is employed as a geological engineer with a leading oil company. As chairman of the Alberta Branch of the A.A.U. of C., and head coach of the Calgary Track Club he is very active in the promotion of track and field.

Doug brings a wealth of experience into his coaching responsibilities. He first represented Canada in the 1954 British Empire and Commonwealth Games in Vancouver in the three and the six mile events. Thereafter he represented Canada in distance running in the Olympic Games in Melbourne and Rome. His greatest achievement in international competition came in 1959 when in the Pan-American Games in Chicago, he won second place in the 10,000 metres and third place in the 5,000 metres.

Saskatoon is proud of another native son, and wishes Doug as much success as a coach as he had himself as a competitor in the Pan-Ams.

Greetings

IRENE PIOTROWSKI

Sports history abounds with stories of athletes appearing from "out of nowhere". Such is the case of Irene Piotrowski. From the interior of British Columbia, already a young school teacher, Irene entered her first big meet in Vancouver in 1963. She amazed the spectators with her powerful sprinting style and surpassed all the "sprint stars" of the meet. In the next two years Irene repeatedly improved Canadian records in the 100 yards and the 220 yard sprints to their present mark of 10.5 and 23.5 respectively.

Coached by her husband Heinz, a qualified physiotherapist, Irene easily qualified for the 1964 Olympic team. In 1966 as a member of Canada's British Empire and Commonwealth Games team she won a silver medal in the 100 and a bronze medal in the 220 yards event.

With Winnipeg sprinters Marjorie Turner (co-holder of the 100 yards) and Janet Maddin, as well as a number of other fine female sprinters, Canada has its strongest ever track team. Saskatonians are in for a real thrill when the women's track events get under way. Canada will be well represented at this year's Pan-Am. Games.

DOUG DOMANSKY

Don Domansky, aged 20, and a third year math student at the University of California, Los Angeles, was raised at Port Arthur, Ontario. Active in little league baseball, he broke all existing local high school sprint records. When he was 16, he reached the all-Ontario high school finals in both the 100 yards and in the 220.

When 17 he won the bronze medal in the 220 yards in the Canadian track and field championships, and gold medals in the 220 and quarter mile in the National Age Class Championships.

In 1965 Don began competing in the U.S. College circuit and became recognized as a first class quarter miler as a member of the U.C.L.A. track team. Last year he was a member of Canada's British Empire Games Team in Jamaica. He won the bronze medal in the 440 and also was a member of the 4 x 440 relay team which won 2nd place for Canada. (His quarter split time in that last event was 45.3 secs.)

Don's best 440 time to date has been 46.1 seconds and his best 220 yards 20.9 seconds.

THE METRIC MILE

Event number 28, the 1,500 metres could prove to be one of the feature events of this meet. Headlining the field are two Toronto runners Dave Bailey of the East York Track Club and Ergas Leps of the Toronto Olympic Track Club. Bailey is the Canadian record holder for the mile in a time of 3:59.4, the only Canadian to break the four-minute barrier; while Leps holds the 1,500 metre record at 3:44.0; and formerly the mile record of 4:01.1.

Bailey's coach Fred Foot says that his newest prodigy will eventually take up longer races, the two and three miles. Leps makes frequent appearances in the 880 and 1,000 yards events. A recent publication of Track and Field News placed Leps as third best in the world at the 1,000 yards indoors this winter with his 2:08.1 victory in the Boston A.A. Championships.

Put these two fine runners along with Alberta's Ray Haswell (4:03.7), British Columbia's Don Scott (4:06.3) and Manitoba's Bruce Johnson (4:06.1), the metric mile could be quite a race.
